24. To see what action the voters will take toward adopting the nonpartisan ticket at the caucus and annual town meetings. HOOKSETT BUDGET COMMITTEE REPORT

An open meeting was held on February 19th, and a final meeting on February 21st.

Due consideration was given to all Articles of the Warrant involving finance and we wish to report as follows:

Article 8. Approved $250.00 and it is included in the Budget.

Article 9. Due to the fact that this proposal involves right of way over private property and other technicalities it was disapproved.

Article 10. Not recommended.

Article 11. High snow removal cost has increased our Budget this year and we felt that this request could be postponed. Not recommended.

Article 12. We recommend this Article and $200.00 is included in the Budget for same.

Article 13. High cost of snow removal again will limit somewhat the amount of work the Town should do on summer road repair, so we moved that all T. R. A. or State Aid should be taken advantage of. We recommend this Article and $475.89 is included in the Budget for this work.

Article 14. This road has apparently needed improvement for some time and after consultation with the Road Agent we recommend $775.00 for this work and it is included in the Budget.

Article 15. Recommended and included in the Budget.

Article 16. Recommended and after checking costs for a suitable Honor Roll, $300.00 has been included in the Budget for same.

Remarks

We wish to thank the public for helpful suggestions and cooperation received at our open meeting and hope that next year there will be an even greater attendance.

We commend the School Department for their work this year and their report is self explanatory.

Respectfully submitted,

EARL S. WARNER,
Chairman.

EDGAR S. CARBEE,
Secretary.

FORREST W. EVARTS,

School Board of Hooksett.

Hooksett, N. H., February 13, 1945.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of Hooksett:

My twelfth annual report finds your schools locally, as well as schools throughout our nation, confronted with the increasingly serious problem of obtaining adequately trained and experienced teachers. Today as a nation (a) one teacher in seven is new to his position in 1944-45; (b) one in ten is holding an emergency certificate; and (c) one in five is paid less than $1200 for the year's work.

Further reduction has been necessary in your corps of full-time teachers. The one-room schools in both the Neal district and at Hackett Hill are now closed. The intermediate room at Lincoln Park School has been discontinued, and a combination made with the primary grades. Eight full-time teachers are carrying the load of ten.

In September, Mrs. Josie F. Bean of Windsor, Vermont, succeeded as principal of the Village Grammar school, Mrs Edith Messer, now teaching in the junior high school in Concord. Mrs. Bean was graduated from Plymouth Teachers' College in 1928, and has been teaching for nearly ten years in the rural and Village Grammar schools of Piermont and Orford.

Among and teachers of professional training and experience, who, after retirement, loyally returned to the profession, are Mrs. Lorna M. Clough and Mrs. Florence M. Sullivan, both of Manchester. Mrs. Clough, a Plymouth graduate and teacher for several years in the Parker school in Manchester, has the combined primary and intermediate grades at Lincoln Park school. Mrs. Sullivan, a graduate of Bridgewater Teachers' College and a teacher for five years in the elementary schools of West Springfield and Springfield, Massachusetts, is teaching the first and second grades in the Village School.

After the lapse of a year without supervised instruction in music, you are now fortunate to have the part-time services of Mrs. Mabel E. Reed of Manchester, who is teaching music in all the grades of your

three schools. Mrs. Reed is a 1927 graduate of the music course at Keene. For several years she has taught in the elementary and secondary schools of Maine and New Hampshire. In addition to Hooksett, Mrs. Reed is supervising music in the schools of Candia, Deerfield, Goffstown, Pembroke Academy, and Raymond.

The average salary now being paid in the Hooksett Schools to full-time teachers, including principals, is $1,237.50.

A recent survey of salaries, being paid this year in 173 elementary teaching positions in the villages and rural communities of Southern New Hampshire, indicates that one teacher in four is receiving a salary higher than the average salary paid in Hooksett.

The report of the enumeration officer, submitted in September, gives the following age groups and placement:

Boys (5-16 years), 175; Girls (5-16 years), 168: Total, 343.

Of this number the following were not in school:

Below required attendance age (5-8)	7
Physical disability (8-14)	0
Completed elementary grades (14-16)	4
*Excused by school board because of physical or mental condition (14-16)	1
Total	12
No. children (5-16) in public schools in Hooksett	228
No. children (5-16) in private schools in Hooksett	28
No. children (5-16) attending high school or academy	53
No. children (5-16) attending elementary schools outside Hooksett	53
Total children (5-16) accounted for in schools	362

* Since given mental test and returned to school.

No. children (5-16) attending schools in Hooksett but living in other towns	31
Whole number of resident children (5-16) accounted for	331

At the present time twelve children are transported to Martin's Corner school, and thirty-four children to the Village.

In December standardized achievement tests were given to all pupils in grades three, four, and five, Following are the average scores attained in terms of the grade and month:

Grade:	III	IV	V
Standard score anticipated:	3-3	4-3	5-3
Reading and vocabulary	3-5	4-6	5-5
Arithmetic fundamentals	3-2	4-4	5-2
Arimethic problems	3-2	4-1	5-4
English		4-5	5-8
Literature			5-4
History			5-5
Geography			5-1
Spelling	2-8	4-3	4-9
Grade average	3-2	4-4	5-4

It is with regret that restricted transportation still necessitates the temporary abandonment of the annual spelling contest in which the elementary schools of the Union participated for several years. The number and extent of educational field trips have likewise been restricted.

As an alternative the teachers and pupils are most loyally contributing to the war effort. During the past year, War Stamp purchases and Bond sales were made as follows by the several schools:

Martin's Corner (2 rooms)	$243.75
Lincoln Park (3 rooms)	1,714.30
Village Grammar (4 rooms)	407.95
Hackett Hill (1 room)	485.00
Total	$2,851.00

The teachers and pupils wish to thank those individuals who, by purchasing bonds through the schools, made possible this record of achievement.

Last fall your three schools collected and sold over 30 bushels of dried milkweed floss for the making of life jackets for our armed forces. The total school contribution from the Union was 162 bushels. The proceeds from the sale were divided among the pupils who contributed, or were deposited with the club funds of the individual school.

In the salvage drive, recently sponsored by the schools, the collection of waste paper exceeded two and a half tons. Proceeds from the sale, amounting to $40.58, have been deposited in the bank. This with other funds will be applied towards the purchase of a new 16 m.m. sound-on-film projector.

Paths to Better Schools, issued this month by the National Education Association of Washington, D .C., says, "We believe, increased use of audio-visual aids, which should come rapidly as materials and personnel are released after the war, will increase greatly the thoroness and extensiveness of learning."

The annual report of your school nurse for the year ending last June shows:

The total number of pupils examined	254
Number successfully vaccinated	254

Results of examinations and follow-up work:

	No. Pupils Affected	Reported to Parents	Receiving Treatment	Defects Corrected
Underweight (10 per cent)	32	9	..	..
Defective Vision	13	13	1	5
Defective Hearing	2	2	1	..

Diseased Tonsils	6	6	..	1

Adenoids	6	6	..	1
Enlarged Glands	14	14	..	..

Cases of Communicable Diseases:

Measles	14
Pediculosis	12
Scarlet Fever	3
Skin Disease	5

Special Work:

4 Mental tests by Dr. Stone and Dr. Philbrook, Manchester Clinic.
1 Orthopedic treatment by Dr. Jones in Manchester.
2 Eye treatments by Dr. Provost in Manchester.
1 Tonsillotomy in Concord.
80 Received "Patch" test in Hooksett Schools under supervision of Dr. Kerr.
1 Case X-rayed in Manchester under supervision of Dr. Kerr.

The demands of the armed services still prevent the conducting of dental clinics in the local schools. Since last year the number of children having dental defects has decreased nearly one-third, but the correction of these defects has decreased by more than one-half. This is doubly unfortunate, both in consideration of the immediate comfort of many children, and in view of their normal health and development.

Children, recently recovered from chicken pox, measles, and scarlet fever, are carefully checked by your school nurse for difficulty in hearing. Parents can assist by reporting to the school nurse any signs of hearing difficulty noticed in the home.

Two pupils, who have serious hearing loss, are given instruction each week by Mrs. Catherine E. Hammond of Manchester, a specialist in teaching lip reading.

Credit is due to parents, pupils, teachers, and school bus drivers for an attendance record, the second highest in this union. Hooksett leads in the reduction of tardiness, and has the greatest percentage of pupils who are neither absent nor tardy.

I take this occasion to commend for their efficient service your school janitors. The lack of repairmen and restricted transportation have added to the duties of janitors and, in some instances, to those of the school board members.

Cooperation between principals, teachers, and janitors characterizes the atmosphere of your schools.

The enrollment of Hooksett pupils in the high schools of Concord, Manchester, and Pembroke Academy is encouraging. While the demands of the armed services and the call of industry have reduced

the number of seniors to only five, a class of thirty entered high schools in September. A total of seventy-two are enrolled this year.

There is increasing evidence that preinduction and prevocational courses in high schools are assuming greater significance on the immediate horizon of many grammar school graduates.

Present and postwar problems are destined to bring forth changes, particularly in the organization of secondary schools; to focus attention on new areas of learning in all schools; and to intensify the ideal of the "equal chance." To this end the schools value and solicit the intelligent cooperation of every home and the genuine interest of all citizens.

Respectfully submitted,

GEORGE H. HARMON,
Superintendent of Schools.
